

## RIVER AND HARBOR BILL IS AGREED TO SENT TO PRESIDENT FOR AP- PROVAL.

Both Branches of Congress Hold All Night Sessions—The Annual Appropriation Bills Are Safe—The Senate Confirmed the Nominations of Schley and Sampson.

Washington, March 4.—[Special]—The river and harbor bill was agreed to in both houses this morning and sent to the president for his approval.

Washington, March 4.—[Special]—Both branches of congress held all night sessions. The senate at 9:45 p. m. took a recess until ten thirty. The house adjourned a few minutes later to the same hour. All annual appropriation bills are safe and there will be no extra session. All through the night fierce speeches were made in both houses and for a time it was feared that there would be a deadlock on the appropriation bills. The senate confirmed the nominations of Schley and Sampson. Mr. Schley ranks Sampson just two numbers.

The Honolulu cable amendment in the sundry civil bill was stricken out by a conference deficiency. The bill was passed by both branches shortly before adjournment.

Washington, March 4.—[Special]—The president today nominated ex-Governor Merriam, of Minnesota to be the director of census.

Washington, March 4.—Secretary Long received the following this morning: "Please accept for yourself, President, congress and countrymen, my heartfelt thanks for the great honor conferred upon me, 'Dewey'."

Washington, March 4.—[Special]—The river and harbor bill carries with an appropriation a million dollars, to thoroughly examine the Panama, Nicaragua and other proposed canal routes. The original Nicaragua amendment was defeated.

The naval bill was also passed by both branches. It provides for three first class battleships, three protected cruisers and three unprotected cruisers.

The minute hand of the clock in the house was turned back fifteen minutes in order to allow the completion of the work. After the adoption of the various resolutions of thanks, final adjournment was taken and the member then joined in singing a number of songs and shook hands all around. The final adjournment in the senate was not marked by any unusual demonstrations.

Washington, March 4.—The senate at 4 o'clock this morning adopted the conference report on the river and harbor bill. It now goes to the house.

## WRANGLE IN THE SENATE.

Six Hours of Filibuster Led by Senator Warren.

Washington, March 4.—In the senate Friday the bill to incorporate the National White Cross of America was passed without question.

The conference report (partial) on the sundry civil appropriation bill was presented. After a prolonged discussion a further conference was ordered on the bill and the senate at 2:05 went into executive session.

When the doors were re-opened Mr. Frye (rep., Me.), chairman of the committee on commerce, presented the conference report on the river and harbor bill. After some debate the report was reserved and the consideration of the deficiency bill was resumed. Some minor amendments were made and the bill passed.

At 5:40 the army appropriation bill was taken up and read, the committee amendments being first disposed of. The bill was suspended to allow the conference report on the naval appropriation to be presented. The conferees had found themselves at a deadlock and reported a disagreement. A further conference was ordered.

The consideration of the army appropriation bill was resumed. Mr. Foraker (rep., O.) moved to insert the following proviso in the bill: "Provided, that no business franchises or concessions of any kind whatever shall be granted by the United States or by any military or any other authority whatever in the island of Cuba during the occupation thereof by the United States."

The amendment was agreed to—yeas, 47; nays, 11.  
An amendment offered by Mr. Tillman (dem., S. C.) was adopted, providing that the legal heirs or representatives of the officers and enlisted men who were killed or died in the service shall receive the extra pay provided by the act of Jan. 12, 1899, for those who served in the late war with Spain. The bill was then passed. It appropriates in round numbers \$86,000,000.

The river and harbor bill being again taken up, Mr. Warren (rep., Wyo.) spoke, in favor of the amendment for the erection of dams in the northwestern states. While Mr. Warren was speaking to almost empty seats, Mr. Mantle (rep., Mont.) made the point of no quorum, and when sixty-two senators—more than a quorum—responded to the roll call, he moved that the bill be recommitted to the conference committee, but his motion was voted down, and Mr. Warren resumed his speech.

At 2 o'clock, after the filibustering movement had continued nearly six hours, Mr. Frye agreed to the recommitment of the river and harbor bill to the committee on conference, and he said he would make one more effort, to secure an agreement with the house that would be satisfactory to the senate.

The senate, in executive session, confirmed the long list of promotions in the navy under the provisions of the reorganization law.

## THROWS OUT HAWAIIAN CABLE.

House Disagrees to Many Senate Amendments—A Night Session.

Washington, March 4.—In the house Friday the partial agreement upon the sundry civil bill by the conference was reported by Mr. Cannon (rep., Ill.). It was agreed to, and the house voted to further insist upon its agreement to all the unsettled amendments except two; one of which was that authorizing the construction of a cable to Hawaii.

Mr. Densmore (dem., Ark.) urged upon the house the expediency and necessity of making a declaration of its purpose and policy regarding the Philippines, in pursuance to the statement of President McKinley in the Home Market club speech. Another conference was agreed to.

At 5:40 the house took a recess until 8.

When the house reassembled at 8 o'clock the galleries were filled to the utmost capacity, the attraction of a night session and the closing hours of a congress drawing to the capitol many more than could find admittance to the precincts of the hall.

The conference report on the bill to provide a criminal code for Alaska was presented and agreed to.

After disposing of some private bills, at 9:25 the house took a recess until 10 o'clock.

The general deficiency appropriation bill was received from the senate and sent to conference on the amendments thereto.

A partial conference report on the naval appropriation bill was presented by Chairman Boutelle, who asked its adoption and a further conference. When the armor question was reached Underwood (dem., Ala.) moved to concur in the senate amendment, fixing the price at \$300 per ton. Mr. Boutelle declared that armor fit to be placed on mud scows could not be bought for \$300 a ton. The house took his advice and by a vote of 88 to 137 defeated the amendment. A further conference was ordered on the bill.

The army appropriation bill was reported from the senate with amendments. The house concurred in the senate amendments to the bill and the bill now goes to the president.

Mr. Cannon presented the conference report on the sundry civil bill. The house concurred in the senate amendments on the bill relating to the Pacific cable. The bill went back to the senate.

The house then took a recess until 2:30 and then one to 3:05 and then until 4 o'clock.

The bill providing a criminal code for Alaska was sent to conference.

## FOR A NEW ARMY.

War Department Going Over Provisions of Reorganization Bill.

Washington, March 4.—The officers of the adjutant-general's department are busily engaged going over the army reorganization bill, with a view to carrying its provisions into effect in the shortest possible time.

With the assistance of officers of the judge-advocate-general's department they are endeavoring to construe the language of the measure, which in some instances is not specific and is likely to cause complications.

It has been practically decided to construe in its broadest sense the provision for the enlistment of 35,000 volunteers. This provision was inserted to permit the executive to utilize the services of natives of Cuba, Porto Rico and the Philippines as soldiers for duty in their own islands.

The sentiment of the war department is opposed to organizing regiments composed entirely of natives, and it appears to be practically settled that there will be none such in the new establishment. The present idea is to enlist a number of natives, but to assign them to regiments composed principally of white men enlisted in the United States.

## PUNSEON IN JAIL ON SERIOUS CHARGE

CHICAGO POLICE SAY HE IS A SWINDLER.

Admits His Guilt, and Expects Many Complaints to Be Made Against Him—Present Affair Serves to Recall the Tragic Death of Augusta Lucknow.

The following clipping from The Chicago Chronicle will recall the story of the death of Augusta Lucknow, whose body was found in the river some years ago.

"Frank H. Punsheon, who was captured yesterday morning by the Fifth street police, has been swindling woman nearly all his life, according to his own statements. He confesses that he has spent twenty nine years in state prisons. His plan was to advertise for a traveling companion for a European tour. He promised to pay the expenses and required only good references of the applicant. He inserted advertisements in Sunday newspapers and naturally became the recipient of thousands of applications from women who desired a trip to Europe, and few escaped his wiles.

"Selecting the most promising letters, especially those which bore monograms and were scented with delicate perfumes, the swindler would call on the writers in person. After a few visits he generally managed to get money or jewelry from his victims. The woman as a rule preferred to suffer the loss rather than endure the publicity attached to a prosecution. It was for this reason that Punsheon escaped detection for a long time.

"The police learned that he was operating in the vicinity of Fortieth street and Indiana avenue, and, acting under instructions of Lieutenant Larkin Officer Fitzgerald sought Punsheon and met him as he was leaving a building at 4050 Indiana avenue. Punsheon attempted to run away. Fitzgerald sent a bullet after him and this brought him to a sudden stop. He acknowledged his identity at the station and within a few days the police expect to have at least 100 complaints against him. In his possession were found letters from women who reside in fashionable parts of the city, all dealing with his advertisement."

Janesville people will remember Punsheon well, and it is evident that the man arrested in Chicago is the same one who was in trouble here.

## A FATAL TEXAS DUEL

J. H. Bailey and Thomas Palmer Killed In a Duel at Fort Worth, Texas.

Ft. Worth, Tex., March 4.—[Special]—In a duel here yesterday between J. H. Bailey and Thomas Palmer, both were killed. The fight was the result of an old quarrel.

Ft. Worth, Tex., March 4.—[Special]—Extensive damage has been done in the western portion of Texas the last few days by great prairie fires.

## FIND VALUABLE PAPERS

They Were Stolen From J. H. Sigafus, Who Is Now Enroute to New York.

Chicago, March 4.—[Special]—The mystery surrounding the finding of valuable papers belonging to J. H. Sigafus in an alley was dispelled this morning by a railroad detective, who informed the police that papers were stolen from Mr. Sigafus while he was waiting for a train. Sigafus is now en route to New York.

## BLUE RIBBONERS WILL MEET

Interesting Gathering Scheduled In This City Tomorrow Afternoon.

At the Y. M. C. A. building tomorrow afternoon at 4:45 o'clock, members of the Blue Ribbon Temperance league will hold a most interesting meeting.

Attorney A. E. Matheson will lead the meeting and several speakers will address the gathering.

Tomorrow morning at 9 o'clock at the Y. M. C. A. building the regular Sunday morning prayer meeting for men will take place and all men are invited.

## TWAS A VERY PECULIAR EGG

Evidently Not What It Was "Cracked Up" To Be.

A peculiar egg was found in case over in a west side grocery store a few days ago. Proceeding through a small hole in the egg was an oat sprout some two inches long. The egg had evidently been broken in handling and an oat in some way dropped into the opening where it took root.

## PLEASED WITH OUR LIBRARY

Miss Stearns Arrived In This City This Morning From Milwaukee.

Miss Stearns, secretary of the Wisconsin public library commission, who is to lecture on the library Sunday evening at the Congregational church, will be the guest of Mrs. Ogden H. Fethers, having arrived in the city this morning from the Cream City. Miss Stearns inspected the Janesville public library today and was much pleased to find such a well supplied and managed institution in a city the size of Janesville.

## INSURGENTS MADE A SPIRITED ATTACK

PARTY REPULSED AFTER AN HOUR'S FIGHT.

Attack Made on Outskirts of San Pedro Macata This Morning—American Gunboat Prevents Enemy's Reinforcements From Crossing River—One American Killed.

Manila, March 4.—[Special]—The insurgents made a spirited attack on our outskirts at San Pedro Macata this morning. Their attack was repulsed, the fight lasting about an hour. An American gunboat prevented the enemy's reinforcements from crossing the river. One man was killed on the gunboat. Privates Bar Ean and Wheeler, of the First California, were wounded. The insurgents' trenches on the north are being strengthened by the use of barbed wire. General Dewey raised the flag of admiral. All of the foreign warships fired a salute. The English fleet was the first to offer a salute.

Manila, March 4.—[Special]—The gunboat Bennington was fired on by insurgents from shore batteries at Al Malaban this morning. The Bennington replied and soon demolished their batteries and set fire to the native portion of the town, destroying many dwellings.

Manila, March 4.—[Special]—The transport Senator has just arrived. The troops she brought are in good health. The was one casualty, an accidental drowning. The Senator left San Francisco February 11th with four companies of the 22nd infantry.

Manila, March 4.—Replying to Aguinaldo's demand for \$7,000,000 for the release of the Spanish prisoners, the Madrid authorities authorize Gen. Rios, the Spanish commander in the Philippines, to offer \$2,000,000 and ask the archbishop if the religious orders will contribute more. The archbishop has replied that he cannot contribute, having no funds.

The Spanish public here insists that the home government should satisfy Aguinaldo's demands and release the 8,900 prisoners who are still detained.

All is quiet around the American lines. An armored launch shelled the rebels out of some new trenches near the Guadalupe church. The rapid fire dismayed the rebels, who did not wait to return it.

## HAS 1,500 PRISONERS.

Gen. Otis Replies to Secretary Alger's Inquiry.

Washington, March 4.—The following dispatch has been received by Secretary of War Alger from Gen. Otis, in answer to Secretary Alger's inquiry respecting the number of American prisoners held by the insurgents:

Manila, March 3.—Secretary of War, Washington: Insurgents have not taken, nor do they hold, a single prisoner of war. They have three soldiers in Malolos picked up in January, who, without permission, went among them near Cavite and Calocan. I am looking after them and providing money. Have captured over 1,500 insurgent soldiers since February 4, and hold the majority as prisoners of war. Detrimental reports which reach the United States manufactured mostly in Hong-Kong. Troops here in splendid condition. OTIS."

## Borne Rebel Supply Ship.

Manila, March 4.—The United States gunboat Concord has arrived here after a week's cruise along the west coast of the island of Luzon.

The only incident of her trip was the burning of a schooner loaded with supplies for rebels at Dagupan, the terminus of the railroad. The natives fled and abandoned the town when the gunboat anchored in the bay.

## RUSH OF NEW BILLS.

Closing Day for the Introduction of Measures Friday.

Springfield, Ill., March 4.—Friday's session of the legislature was a quiet one, not more than twenty-five members being present when the house was called to order. President pro tem. Warder presided over the session of the senate, there being but two senators present, Messrs. Hussman and McConnell.

It was the last day upon which bills could be introduced from the floor of the house. During the opening of the Fortieth general assembly and up to March 20, the closing day for the introduction of bills from the floor of the house, there had been 654 bills introduced. At the adjournment of Friday's session there had been 696 bills introduced, that being forty-two more bills than were introduced at the last session.

The house and senate adjourned until 5 p. m. Monday.

## West Defeats the East.

Ann Arbor, Mich., March 4.—Michigan was the victor in the debating contest with the University of Pennsylvania. For the first time in the history of intercollegiate debates a western team met and defeated representatives of an eastern college. The men who represented Michigan were Martin Henry Carmody, Leroy Allen Wilson and Frank Dwight Eaman. The Pennsylvania team consisted of James Whitford Riddle, Roland Sleetor Morris and William Harvey Allen.

## THE COUNTY DRUGGISTS MEET

Important Gathering Held in the City Yesterday Afternoon.

At a meeting of Rock county druggists held yesterday afternoon in this city the constitution and by-laws as proposed by the National Association for County Societies was adopted and the following officers elected:

President—Frank Van Wart, Beloit. Secretary—George K. King, Janesville.

Treasurer—O. L. Woodward, Clinton. Executive Committee—Joseph P. Baker, Janesville; C. A. Smith, Beloit; Frank Crow, Evansville.

Special Committee—Will T. Sherer, Janesville; D. C. Griswold, Clinton; I. Van Wart, Evansville; W. P. Clarke, Milton; Charles Taylor, Orfordville; C. A. Emerson, Beloit; H. T. Stangl, Edgerton.

The society also decided to join in together on the purchase of goods.

Committees were also appointed to make further arrangements for the state meeting of druggists to be held here in August.

## WILL SEND A WARSHIP

To Convey Remains of Lord Herschall From the United States To England.

London, March 4.—[Special]—Lady Herschall has accepted the British government's offer to send a warship to the United States, to convey the remains of Lord Herschall to England.

## ACCEPTS PORTFOLIO

Gen. Palavia Will Be Made War Minister in Spain's New Cabinet.

London, March 4.—[Special]—A Madrid dispatch says: General Palavia has accepted the portfolio as war minister in the new cabinet.

## TWO STEAM ENGINES AT WORK

Gutters and Sewer Pipes Being Made Free From Ice.

Street Commissioner Palmer has had two engines working in different portions of the city this week: thawing out gutters and sewers in order that they may be free from ice when the spring thaw comes.

In all sections of the city ice has accumulated in many gutters and the men have had hard work to thaw them out. Each engine is accompanied by a crew of men employed by the city.

On account of there being but little snow and ice this spring, the amount of water to be carried to the river will be much less in volume than in former years.

But then there is plenty of time yet for snow storms before our winter is ended.

## ATHLETIC PARK DEAL CLOSED

Will Be Run In the Future By the Local Y. M. C. A.

William Campbell has sold Athletic base ball park to a number of local business men, who will put it under control of the Y. M. C. A.

The price paid was in the neighborhood of \$1200. The grounds comprise four acres situated in the Spring Brook addition and contains a grand stand and other improvements.

Secretary J. C. Kline of the local Y. M. C. A. will act as manager and will soon book several good ball games for the coming season.

## FOR POSTAL SAVINGS BANKS.

Strong Argument in Their Favor in the Wisconsin Legislature.

Madison, Wis., March 4.—The assembly Friday "turned down" the senate bill by Jacobs to allow the formation of "wards, in cities under special charter, with 500 people instead of 1,000, as at present. The joint resolution for a constitutional amendment to allow the establishment of an inferior appellate court to relieve the supreme court of some of its work was adopted in the senate.

Assemblyman Hoehle's memorial to congress asking for establishment of postal savings banks was down for indefinite postponement in the lower house. The author said he was surprised. Nothing but the opposition of banks could be pleaded against the bill.

The laborer and mechanic were the depositors in postal savings banks, which were no novelty in England, Germany, and other countries. We must always have banks, but failures had proved that knowledge of the solvency of banks was necessary. This knowledge was available to the business man, but the laborer and widow were easily deceived. Mr. Hoehle cited cases where people had purchased postoffice money orders and carried them for the year allowed by the government to get absolute security. In the last bond sale \$90,000,000 in bonds were taken on orders of less than \$500.

Mr. Buffington, chairman of the finance committee, said the bankers took no part in the committee debate; the bankers of Wisconsin cared not a snap for the matter. The only question was whether it was worth while to instruct congressmen. The memorial was laid over until Monday evening, to which time adjournment was taken.

## WALRATH KILLED UNDER CAR WHEELS

EDGERTON MAN TRIED TO BOARD MOVING TRAIN.

Lost His Hold and Fell Beneath Cruel Wheels—Amputation of Left Leg Too Great a Shock—David Learned Dead at Evansville—Demise of James H. McGowan.

While attempting to board a fast moving train last evening at Edgerton, Fred Walrath accidentally lost his hold and fell beneath the wheels.

His left leg was terribly mangled and Drs. McChesney and McManus, who were called, were obliged to resort to amputation.

The injured man seemed to rally at first, but the shock was too great and he died soon after the doctors had finished their work.

Deceased was a single man about twenty-eight years of age and was the son of Hiram Walrath of Edgerton. Walrath worked in tobacco and was a man who had the respect of all.

An inquest was held this afternoon before Justice Spencer.

## David Learned.

David Learned, aged seventy-nine years, died at the home of his daughter, Mrs. Joshua Franz, in Evansville, yesterday afternoon at 4 o'clock, of general debility. He had resided in the Cut Off city for many years. He was a seaman during the early part of his life. He leaves two daughters, Mrs. J. Franz and Mrs. Jonathan, both of Evansville.

## James H. McGowan.

James H. McGowan, two year old son of Mr. and Mrs. James McGowan of the county farm, died at 8 o'clock this morning as the result of pneumonia. The afflicted parents have the sympathy of many friends. The funeral services will be held Monday, the interment to be in the Johnstown cemetery.

## Mrs. S. M. Taylor.

From St. Patrick's church this morning at 9:30 o'clock services were held over the remains of the late Mrs. S. M. Taylor. The interment was in Mount Olivet cemetery.

## POPE IS ON THE MEND

He Is Feeling Quite Well—His Temperature, Pulse, and Respiration Are Normal.

Rome, March 4.—[Special]—The pope passed a tranquil night. He is feeling quite well. He will leave his bed today for some hours. His temperature, pulse and respiration are normal.

## FORECAST OF WEATHER

Chicago, March 4.—[Special]—Forecast for Wisconsin:

Threatening; tonight; Sunday, rain or snow.

## MADDEN-HAYWARD NUPTIALS

Will Be Solemnized in This City Next Monday Afternoon.

On Monday afternoon next, at the Center avenue home of the bride, will be solemnized the marriage of Miss Maud Hayward, of this city, to A. S. Madden, of Chicago.

The wedding will be a very quiet affair, only a few relatives being invited. The bride to be is a well known Janesville girl, and esteemed by all. The prospective groom is a traveling salesman for the wholesale dry goods firm of J. V. Farwell & Co., of Chicago.

Mr. and Mrs. Madden, after a brief wedding trip, will make Chicago their home.

## Compromise on the Canal.

Washington, March 4.—The conferees on the river and harbor bill have practically reached an agreement. The Nicaragua canal paragraph will be greatly modified and will appropriate \$1,000,000 for an examination of all routes under direction of the president. The report of the commission making the examination will be made to congress, and no provision is made for beginning work.

## John Wilson Drury Dead.

New York, March 4.—John Wilson Drury is dead at Rhinebeck, N. Y., aged 85 years. He was a close personal friend of Stephen A. Douglas and Samuel J. Tilden. In 1840 he removed to Illinois, where he became eminent as a jurist and was elevated to a judgeship. He was one of the original directors of the Chicago and Rock Island railroad and for years attorney for the company.

## A TREAT IN ART FREE OF CHARGE

CHICAGO RECORD AND NEWS  
EXHIBITION.

Collections of War Pictures and Trophies From the Battle Fields Were Drawn and Gathered By Staff Artists and Correspondents "At the Scenes of Action."

Janesville art lovers are to have a treat in the form of an exhibition of war pictures and trophies owned by The Chicago Record and The Chicago Daily News. The pictures are pen-and-ink drawings by John T. McCutcheon, who was with Admiral Dewey, at Manila, William Schmedtgen and Walter M. Clute—three of the famous newspaper illustrators of the country. Edward Warren Sawyer is in charge of the exhibit. They will be seen at the Y. M. C. A. building, commencing Monday evening, and can be seen each evening during the week except Wednesday evening. No admission is to be charged, and all are invited to inspect the work.

Twenty-one of the pictures are water colors by Mr. Schmedtgen, and in all, about 150 pictures are shown.

The trophies from the battle fields were gathered by the staff correspondents of The Record after the various engagements, of which they are souvenirs. Drawn on the Spot.

The majority of the war pictures in this collection of newspaper drawings, depicting the important scenes, incidents and characters of our late war with Spain, were made on the spot for the Chicago Record and the Chicago Daily News—many times under conditions hardly conducive to the production of a work of art; hence many of them are mere notes, but valuable because of their historical accuracy.

Every important movement of the army and navy in their work of mobilization and war is represented, dating from the battle of Manila to the fall of Santiago.

### Navy in the Philippines.

The operations of the navy and army in the Philippines are pictured by John T. McCutcheon, who was with the Asiatic Squadron during the entire period of its activity. On the arrival of General Merritt he joined the land forces and pictured all their operations until Manila fell.

Wm. Schmedtgen's work represents nearly all the navy maneuvers before Havana at the beginning of the war, the rendezvousing of the fleet at Key West, and the picturing of some of its expeditions prior to the landing of the army at Santiago. He landed with the invading army at Baiquiri and pictured the engagements and workings of the army until two days after San Juan Hill was taken.

### At the Army Camps.

Walter Marshall Clute's work began with the early mobilization of the troops at Mobile and Tampa. He followed the army throughout the Cuban campaign and returned to the United States after the fall and occupation of Santiago.

### APPOINT THEIR COMMITTEES

Janesville Will Send Large Delegation to Woodmen Picnic

The Modern Woodmen Camps of Beloit have appointed the various committees to take charge of the many duties connected with holding the monster picnic in Beloit next June. They have assigned the duties to whom they believe will be faithful in the performance of the arduous tasks imposed upon them and will from time to time expect the committees to report progress. The camps expect to make the gathering of Woodmen in Beloit a memorable event in the city's history.

A prominent member of the local order stated today that the Bower City would send one of the largest delegations that will in all probability be accompanied by two bands.

### Fall Mail Gazette.

The proprietors of the Fall Mail Magazine have commissioned Mr. William Archer, the well known dramatic and literary critic, to visit the United States for the purpose of writing a short series of articles on "The Stage in America." The yearly increasing theatrical intercourse between England and America should make the results of Mr. Archer's tour of interest to theatre-goers on both sides of the Atlantic.

COSTUME OF LACE AND VEILING FROM HARPER'S BAZAR

Thisainty costume, taken from Harper's Bazar, is designed to be rendered in such light-weight fabrics as cashmere, henrietta cloth, nuns' veiling or any summer material. The original model is in violet cashmere. The bodice pattern contains two yokes, the upper one supporting the collar, and the lower being the foundation upon which to place the guipure. The waist is a simple French design, i. e., with slightly gathered front and back, but with no pouch or suggestion of blouse. It is open on both sides, where the lace is revealed between the interlacing points. The fashionable sleeve has a long sleath which serves as a foundation for a guipure.

The skirt is cut to fit perfectly over a model skirt, but is slashed up each side of the front, and fasten with lapped points to correspond with the openings

in the waist. A pattern of the under lace flounce does not accompany the costume pattern published by Harper's Bazar, since this must be adjusted according to the taste of the wearer. Where a less costly material than guipure is desired, the lower yoke may be made of any of the many fashionable tucked and ruffled materials which may now be purchased by the yard, and mousseline or chiffon panels may be laid under the slashed openings at the sides of the skirt. It is of the latter material that the collar and upper yoke are made in the original Paris Model.

To make this garment for a medium-sized person will require 7½ yards of material 45 inches wide, and 15 yards of silk lining 20 inches wide. The quantity of lace needed will vary according to width.

### HISTORY AND THE BIBLE

Mr. Hall to Speak on Historic Celebrities and Bible Characters

Last Sunday evening, according to previous announcement, Rev. Walter A. Hall began his course on Historic Celebrities and Bible Characters. There are five lectures or sermons in this series. The subject on which Mr. Hall spoke last Sunday evening is Louis XIV and Solomon. The subject announced for tomorrow evening is Socrates and Paul. Julius Caesar and Moses will be considered on the evening of March 12, Madame de Maintenon and Esther on March 19, Napoleon Bonaparte and Jesus Christ on March 26. These are themes worthy of splendid congregations. They are meaty with practical wisdom. By the lives of others we learn to live. Socrates and Paul, the subject for tomorrow evening, is one of very vital interest, as both these men are truly titanic in their proportions.

As Miss Sadie Bosworth, the returned missionary from China, and formerly a resident of this city, will speak in the morning, the sermon on the Beatitudes announced last Sunday, will be postponed one week.

### THEY PASS RESOLUTIONS

Rock County Grange Opposed to Senator Whitehead's Bills.

The following resolutions were passed last Wednesday evening by Rock County Panoma Grange, at their quarterly session:

Resolved, That we are opposed to the passage of a bill entitled No. 263, S., introduced by Senator Whitehead from Rock county. We think it would be very detrimental to the public school system of this state; which is so dear to every true hearted citizen, and we earnestly request our senator and assemblymen to work against the passage of said bill.

### GREETED BY LARGE AUDIENCE

Miss Sarah Bosworth at Court Street M. E. Church.

That Miss Sarah Bosworth, formerly of this city, but now a resident of Fond du Lac, has a host of admiring friends in city, was greatly in evidence last evening, in view of the fact, that the Court Street M. E. church was full to overflowing, with friends who assembled there to extend a cordial welcome to her upon her return to this country after six long years of labor in foreign missionary fields.

Miss Bosworth's theme was "Foreign Mission" and her talk upon the subject and an outline of her labors as a missionary at Foo Chow, China, where she was engaged in teaching and religious work, was most interesting indeed.

The meeting was under the auspices of the Woman's Foreign Missionary society, the president, Miss Jennie Tilton, introducing Miss Bosworth in a few well chosen words.

The exercises included an organ voluntary by Miss Ada Pond, singing by the audience a prayer by Rev. W. A. Hall and a vocal selection, "Tell the Story," by the choir.

Miss Bosworth gave a brief history of the missions in the Flowery Kingdom, and the wonderful work that is being accomplished by Christians, also of the work with which she has been connected. The lady spoke in a manner to be digested in the minds of her hearers, giving much food for thought. Her talk was made more interesting from the fact that she had many curiosities from that far away land, one of which was a castle Chinese lady's costume, also a costume worn by men of a literary turn of mind and native devines.

At the conclusion of the lecture many tarried for the purpose of meeting the returned missionary and her mother.

As the season of the year when pneumonia, la grippe, sore throat, coughs, colds, catarrh, bronchitis and lung troubles are to be guarded against, nothing "is a fine substitute," will "answer the purpose," or is "just as good" as One Minute Cough Cure. That is the one infallible remedy for all lung, throat or bronchial troubles. Insist vigorously upon having it if "something else" is offered you. The People's Drug Co.

## CHARMING MUSIC AND PRETTY GIRLS

HOYT'S "A PARLOR MATCH" AT  
GRAND LAST NIGHT.

It Was a Grand Attraction, but Witnessed by a Small Audience.—A Series of Novel Attractions in Store for Janesville Theatre Goers.

Again a most worthy attraction has visited Janesville, and witnessed by a small audience. Hoyt's "A Parlor Match," presented at Myers' Grand last evening was a most commendable performance, and worthy of a full house, but empty seats were in order again. "A Parlor Match" is a farce comedy that is second to none, and the witticisms rapidly sprung upon the audience, were strictly up-to-date. Handsome costumes; competent performers; pretty girls and music that gets your feet to going, are some of the elements that make the production the success that it is.

Philip H. Ryley, as I. McCorker, a literary man, and Mark Sullivan, as "Old Hoss," played their parts in a faultless manner and to get the drift of McCorker's gift of gab, it was necessary to be on the alert. They were the shining lights. Miss Edith Hoyt, as Innocent Kid, was "cute" and her charming manner and bewitching smiles made her the favorite of the favorites. The famous Kingsley sisters, the Olympia quartette, and the world's greatest whistler added to the evening's performance. In fact all the specialties were excellent and the encores were not few and far between.

### Hoyt's "A Bunch of Keys"

At the Myers Grand Monday evening, March 6, Hoyt's "A Bunch of Keys" will be presented by a fine New York company with everything fresh and bright, the best singers, the best dancers and the best looking girls are in the Bunch. It is like a good, minstrel entertainment, all old incidents, stale jokes and time tried songs are weeded out and nothing but the gayest and liveliest features are to be found in this jolliest of farce comedies.

### In Old Amsterdam

Next Wednesday and Thursday evening at the Grand, will be presented an attraction that all interested in bible history should certainly attend. It is an illustration of the famous Passion play, a touching drama on the life of Christ as last presented in Omer Ammergau, Bavaria, vividly produced by means of soul stirring moving pictures. The play is presented every two years by the peasants of Bavaria, in which in the neighborhood of six hundred take part, the cast including Christ, his disciples, Pilate, King Herod and all ancient characters with 500 Roman soldiers. Prof. Lawrence, the lecturer, comes highly recommended by clergy, press and public.

### Robert Mantell Coming

Mr. Mantell is a thorough artist and knows how to temper his work. Selecting one school of acting, he has acquired perfection in it, and today may be admitted to be the best romantic actor of our stage. Of course, we know he is an Englishman, but he has been with us so long that we may call him ours. His first palpable hit was made here, he followed it up with success and has wedded himself to our stage and country. At Myers Grand, Friday, March 17th.

## R. G. DUN'S TRADE REVIEW.

Business for the Month Establishes a Record.

WAGES LARGELY ADVANCED.

Striking Evidence of the Present Prosperity of the Country Afforded—Manufacturing Plants Crowded with Orders—The Week's Failures.

New York, March 4.—R. G. Dun & Co.'s weekly review of trade says: "The business for the last month was the greatest ever known in February. Clearing-house exchanges were about \$7,000,000,000, against \$5,567,553,844 last year, and 54.2 per cent larger than in 1892.

"In all the years of weekly commercial reporting there has been no other week in which the reports from all parts of the country have been on the whole so good as they are this week. Moreover, during the last week there has been a general advance in wages, immediate or prospective. At most points the advance of 10 per cent or more was entirely voluntary. It has averaged 5 to 10 per cent in tin plate works and about 10 per cent in other cases, and as it affects much over 100,000 hands it will add greatly to the purchasing power of wage-earners.

"The return of failures in February, while showing larger liabilities than in January, is highly encouraging. In nearly all branches the statement indicates a remarkably healthy condition in spite of these failures, while in trading the defaulted liabilities are smaller than in January or any previous winter month for six years.

"In prices the striking feature has been the rapid advance in iron and steel products, resulting from a demand greater than the works in the country can supply. All the works of importance have been crowded with orders running to July and later.

"Holders of wheat have been looking for the report of the agricultural department regarding stocks held by farmers March 1, but commercial reports indicate that such are the largest ever held at this date. The reports have for support the western receipts from farmers, which have been larger than for past years in February—for four weeks 12,571,000 bushels, against 10,904,600 last year—while Atlantic exports have been for four weeks 12,829,756 bushels, against 9,878,636 last year. Pacific exports have been 605,737 bushels for the week, against 64,993 last year, and from other ports 187,829 bushels have been shipped during the last week. Rarely if ever has there been as great a demand for grain at this season as now appears, but the price has yielded 1 1/4 cents for the week, although corn has advanced one-half cent for spot, the receipts having fallen.

"The textile industries are making progress. There has been a strong increase in the demand for cotton goods, resulting in further advances in the prices for some, while in woolen goods a slight advance appears, notwithstanding a decline in the prices of wool during February.

"Failures for the week have been 185 in the United States, against 251 last year, and forty-seven in Canada, against thirty-two last year."

**DEWEY AND OTIS PROMOTED.**

Senate Confirms Appointments as Admiral and Major General.

Washington, March 4.—President McKinley Friday sent to the senate the nomination of Rear Admiral George Dewey to be admiral in the navy. The nomination was made in accordance with the provisions of the bill creating the grade of admiral. The nomination was confirmed later by the senate.

The president also nominated Brig. Gen. Elwell S. Otis, United States army, to be a major general by brevet, to rank from Feb. 4, 1899, for military skill and most distinguished service in the Philippine islands. The senate confirmed the nomination.

**Bryan Will Not Be Invited.**

New York, March 4.—A prominent Tammany politician and member of the Democratic club is authority for the statement that William Jennings Bryan has not been and will not be invited to attend the dinner to be given by the club on April 1, to celebrate the birthday of Thomas Jefferson. It is understood that the speakers will be men who will favor expansion and ignore the issue of free silver.

**Smallpox Scare in Michigan.**

Benton Harbor, Mich., March 4.—The smallpox scare in this county is increased by the announcement of a second case which has developed in the Jordan home near this city. Miss Jordan was a roommate of Mary Whitmore, who was first taken sick with the disease at Watervliet, and both were employed in the Watervliet paper mill, where it is thought the disease was contracted.

**Haskell Out for Governor of Ohio.**

Toledo, Ohio, March 4.—C. N. Haskell, the railroad magnate, in an interview here said he was a candidate for the nomination for governor on the democratic ticket, but he will not give up active railroad work to seek the honor.

1896—Professor John Kraus, a pioneer in kindergarten work, died in New York city; born 1816. Dr. Hiram Corson, a specialist and writer on medical treatment, died at Plymouth Meeting, Pa.; born 1804.

The cunning subsidists do not propose to man their vessels with American seamen. They would take the bounty of the government and get labor as cheaply as they could wherever they might find it. It must be conceded that if the labor argument be urged as a reason for the granting of subsidies, says The Philadelphia Record, the subsidy bill ought to be so amended as to provide that only American seamen should be employed upon subsidized shipping, and that they should get the bounty which is demanded in their name.

The St. Louis Globe Democrat says that at Caldwell, Kan., the other day, a man chastised his neighbor for referring to his child as a "kid." When the case was brought before a justice of the peace, Webster's dictionary was consulted, and it was found that "kid" was there defined as "a young child or infant." The indignant parent was thereupon adjudged to have been in the wrong, and was fined five dollars and costs.

The attention of the Order of Disturbances and Gossips and the official organ thereof, is called to the statement in the newspapers that "one of the hottest spots on the globe is the region around the Dead sea." The sea is said to lose at least 1,000,000 tons of water in a day by evaporation. This would be a good place for the D. and G. to get cooled off.

According to high authority, cold water is a valuable stimulant to many, if not all, people. Its action on the heart is more stimulating than brandy. It has been known to raise the pulse from 76 to over 100. Brandy, it is pre-dicted, however, will always be the more popular beverage with the person whose "system requires a little stimulant now and then."

Temper, says an authority, has immense influence on the tone of the singing voice. An ill-natured or querulous person will invariably have a cat-like quality in the voice, which is perceptible in singing quite as much as in speaking.

## KLEIN SAYS NO NEW DYNAMO IS NEEDED

### OPEN LETTER ON WATER PIPE QUESTION.

City Electrician, Assures Mayor Thoroughgood That the Facilities at Hand Will Answer if They Can Be Made Available—Does Not Fear Electrolysis.

Editor Gazette:—By request, I hand you a communication sent me by Mr. Klein, city electrician. I certainly wish some way could be adopted whereby our citizens now suffering for want of water, through frozen pipes, could be relieved, and will do all in my power to relieve them. Mr. Norcross's side of the question was printed in last night's Gazette, and as I have no secrets in anything to city matters so long as I am mayor, I hand you Mr. Klein's answer to Mr. Norcross's communication of last night. Perhaps after this some arrangement can be made to settle this matter, which certainly is becoming very annoying to me.

JOHN THOROUGHGOOD, Mayor.

Janesville, Wis., March 4, 1899.

John Thoroughgood, Mayor:—Dear Sir: The Gazette of last evening published a letter from P. H. Norcross to you, endeavoring to explain his reasons for refusing to furnish power and electric current to thaw the water services. Inasmuch as he dedicated his letter of explanation to Your Honor, I avail myself of the same public highway to reply to some of his erroneous and evasive statements.

Mr. Norcross commences by bringing to the front his six arc dynamos, which are not and ought not to be considered in connection with thawing frozen water services. He agrees with me, in private conversation, that the arc current cannot be used for this purpose. I have never entertained for a moment that the arc current could be so used. The idea advanced for cutting off the arc street lamps was that the power (water and steam) used for operating the six arc dynamos might be used to increase the power to operate the two incandescent dynamos without loss to Mr. Norcross.

Mr. Norcross endeavors to explain the working and the power of his two incandescent dynamos, which may be very plain and, perhaps, satisfactory to a person who understands the fundamental principles of electricity, but the general public, especially those suffering with frozen water services, will not waste much time to study out. In declining to furnish current Mr. Norcross omits, unintentionally, perhaps, to inform your honor, that the time when the current was to be used was between the hours of 10 o'clock in the evening and 6 o'clock in the morning, when not one of his motors are in use and but very few of his incandescent lights—the users of which would, no doubt, on request, discontinue them during the time mentioned. I am aware that some of the lights are run at 220 volts, but these being few in number would also be discontinued by request.

He also omits to inform your honor that by simply changing two wires on his incandescent dynamos, which could be done in a few moments, one of the dynamos can be used for the incandescent lamps and the other dynamo used for thawing water pipes, which would place at my disposal six hundred amperes of current at one hundred and ten volts pressure.

Superintendent Green has given me permission to use the trolley wire of the Janesville street railway when not in use by the company. The trolley gives me the large wire Mr. Norcross mentions as necessary for this current; for the second or return wire I would utilize the water mains. This would obviate the large expense Mr. Norcross mentions for wire.

The wire necessary to reach nearly every service now frozen would cost, perhaps \$100, which could be sold afterwards, for "old junk" at 60 per cent. of its cost, reducing the expense by that amount.

The entire cost of thawing frozen services would be less than the amount required for rent of an alternating dynamo, transformer, ammeter, etc. Possibly the question may arise that the trolley is not of sufficient size for a constant current; theoretically it is not for 200 amperes, but in practice it will do the work exacted of it. The question may also arise that the loss of voltage will be great, but I believe and am quite confident that sufficient pressure of voltage will remain to do all that is required.

Mr. Norcross calls Professor Jackson to show that, perhaps, electrolysis follows this mode of thawing water pipes. In reply I will quote Mr. Francis H. Soden, an electrical engineer of Chicago, and stated in the Western Electrician as follows:

"That there is no injurious effect causing electrolysis, as if single-phase high-frequency alternating current is used such effect is practically nil; and in any case the current is not in use a sufficient length of time to cause appreciable effect, especially as the ground surrounding the pipe is frozen and is consequently a poor conductor of electricity."

Summing up, Mr. Norcross has the power and current in his two incandescent dynamos to do this work, and I am sanguine that he can do this whether he disconnects his dynamos, as I have here pointed out, or not.

I have not sought notoriety in this matter, but in my humble way, I undertook to point out, with the facilities which I knew were in the city at the present time, a way to relieve the distress of those who are distressed on account of frozen water services. My few experiments were successful, notwithstanding the fact that I was handicapped on account of the fact that I was refused the current from the point I had expected.

ed and was promised. Mr. Norcross did promise in the public meeting to furnish power and current for this purpose, provided a new dynamo and necessary auxiliaries were furnished at a cost of some seven or eight hundred dollars. When, in that meeting, I stated that the frozen services could be opened with the current at hand in possession of Mr. Norcross, I took it for granted, that this would be furnished, but was disappointed, and compelled to accept the kindly offer of Superintendent Green, of the Janesville Street Railway, for power and current to carry my experiment to a success.

Your Honor is aware that Mr. Norcross is operating a "public utility" so far as lighting the public streets are concerned, not for "the fun of the thing," but for private gain, and that the city has no power or authority over it, notwithstanding the fact that you offered, by giving permission to discontinue all the street lamps, to compensate for the service he would be called upon to furnish. Respectfully, your obedient servant.

H. C. KLEIN.

WANT LARGE SUMS OF MONEY

An Interesting Case Came Up Before Judge Bennett Yesterday.

The action of Myrtle L. H. Hutson et al, minors, by Charles F. Hutson, their guardian ad litem, vs. Andrew Jensen and Robert Atlessey, came on yesterday before Judge Bennett. The case is an action by the minor children of Thomas Hutson, vs. Andrew Jensen and Robert Atlessey, as sureties on their mother's bond as their guardian. On the 17th day of November, A. D. 1893, Martha Hutson, the mother of said minors, was appointed guardian of said children, and was required to give a bond of fifteen thousand dollars. Charles L. Burnham and the defendants signed the bond. The complaint alleges that shortly after the appointment of said Martha Hutson as guardian, she came into possession of large sums of money belonging to said minors, and that she did, upon the advice of Charles L. Burnham, loan all of the money upon certain promissory notes, and that the only security for the payment of said sums so loaned was a third mortgage upon property already heavily incumbered which was wholly inadequate for security for the payment of any considerable portion of the amounts so loaned; that the property on which said mortgage was taken was a farm of two hundred and forty (240) acres situated in the town of Dunkirk, Dane county, Wisconsin; that said loan was never authorized or sanctioned by the county court, but was wholly made upon the responsibility of said guardian and her bondsmen. The complaint further alleges that such loan was a breach of the conditions of the bond that the said Martha Hutson did not manage the estate for their best interests, and did not faithfully discharge her trust in relation thereto; that she did not render annual accounts of her doings as such guardian and did not and never has properly accounted for, paid over or delivered to the said minors or persons lawfully entitled thereto, the property that came into her possession as such guardian; and that the said Martha Hutson died on the 5th day of May, A. D. 1895; that her estate is insolvent; that Charles L. Burnham was afterwards appointed guardian of said minors and asks judgments against the defendants for about the sum of fifty thousand dollars.

It is reported that the sureties on Burnham's bond have settled with the minors; but the defendants in the action now pending have been unable to make any settlement.

Jones & Stevens, of Madison, appear for the plaintiffs; Jackson & Jackson for the defendant, Jensen; and Sutherland & Nolan for the defendant, Atlessey.

Yesterday the defendants' attorney objected to any testimony on the ground of the inefficiency of the complaint and the court sustained the objection. The case was then continued to give the plaintiff time to amend the complaint.

## THE ATTRACTIONS AT THE CHURCHES

### THEMES FOR SERMONS IN CITY TOMORROW.

Unusual Attractions Are Offered Church Goers—Miss Sadie Bosworth, the Returned Missionary, to Speak at the Court Street M. E. Church in the Morning.

### JOHN ENRIGHT WRITES HOME

Janesville Boy Will Soon Reach Dawson City, Alaska

Mr. and Mrs. Patrick Enright, of No. 55 North Hickory street, are in receipt of a letter from their son, John Enright, who is now in the Klondike gold region of Alaska.

The letter bears the date of August 23, and was mailed from Fort Laird, Alaska, coming via Edmonton, Canada. The message took several weeks to reach Edmonton, but to cover a distance nearly as great as from Edmonton to Janesville required but three days. This was on account of railroad facilities, which are lacking north of Edmonton.

Mr. Enright said that his health was good and that all was well so far although he and his party had experienced much trouble in covering the distance from Edmonton to Fort Laird. He soon expects to reach Dawson City and requested his parents to address their mail here.

### EGGS POURED INTO TOWN

Several Hundred Dozen Were Brought In By Farmers This Week.

Farmers from all portions of the county who attended the mid-winter fair made it a special point to bring to market just as many eggs as they could possible gather about the farm. The result was that several hundred dozen found their way into the local market this week and the prices dropped in an instant. The retail price per dozen went from 35 cents to 12½ cents and even at this low price the local grocers have yet a large supply to get rid of. And this has all happened within the short space of a week. A local grocer says that he believes that fully 2,000 dozen eggs were brought to the local market this week.

### RECEPTION GIVEN VAN AIKEN

Janesville Boy Will No Longer Manage the Oshkosh Y. M. C. A.

William B. Van Aiken, a well known Janesville boy, who has been secretary of the Oshkosh Y. M. C. A. of late, has handed in his resignation and will return to Janesville to engage in the insurance business with his father. At Oshkosh this week he was given a rousing reception. The Oshkosh Northwestern prints the following:

The general sentiment of the association is one of deep regret at the departure of Mr. Van Aiken. His work throughout was characterized by earnestness of purpose and untiring energy and from a handful of members he built up the Y. M. C. A. to its present strength of 230. During his administration of affairs, the quarters of the organization were enlarged and improved, bath rooms were put in, a place for field and track athletics fitted up adjacent to the building and bowling alleys and enlarged and improved facilities were contemplated.

### LOUCKS-KACHLE MARRIAGE

Former Well Known Janesville Boy Wedded at Delavan.

William Loucks, a former well known Janesville boy, who now makes his home in Elkhorn, has entered the matrimonial ranks and on Sunday evening was joined in the holy bonds of matrimony to Mrs. Kachle, of Elkhorn. The wedding took place in Delavan, the happy couple making the trip overland. The groom for some time was clerk at the Park hotel here and is a young man respected by a host of friends, who extend congratulations.

Boil, add two rolled crackers. Four into the hot shell, cover and serve.

## LOCAL DEBATERS SECURE THE PRIZE

### DEFEAT MILWAUKEE SOUTH SIDE SCHOOL.

Arguments Were Advanced For and Against the Referendum—Three Hundred People Attended and a Banquet Followed—Prof. D. D. Mayne and Others Attend.

At Milwaukee last evening three Janesville High school debaters carried away the honors in the debate with the South Side High school at Hanover Street Congregational church, on the question, "Resolved, That Wisconsin Should Adopt the Referendum for State and Municipal Legislation." The debate was decided in the negative. About 300 persons attended the contest, many of them having come from Janesville. The judges were Prof. Charles H. Haskins of Madison, George A. Buckstaff of Oshkosh, and Principal H. L. Terry of Waukesha.

The debaters were George C. Douville, Miss Ilma Rohr, and R. Robert Kahn on behalf of the affirmative and the South Side High school, and Allen P. Lovejoy, Helen C. Fifield and Victor G. Marquisee in the negative on behalf of the Janesville school. Some of the arguments in the affirmative were that the referendum existed in one form or another in every state of the union; that it had proved successful in Switzerland, that nine important political questions had been settled with it in California in 1892, that the Milwaukee Board of Public Works was established with it, that the rural schools of the state were managed by it, that it was successfully introduced in Brooklyn, Mass., that it bestowed the veto power upon the people, and afforded them better presentation, that it furnished the people the best means of expressing their wishes, and rendered legislation free from party politics.

The negative argued that a distinction should be drawn between constitution laws, upon which the people should vote, and other laws, many of which it would be a waste of time for them to consider; that the referendum would be a drain upon the public treasury, for if only fifty bills were submitted to the people each year, the cost of counting the votes would be \$4,457,000, not to speak of the fact that the merchants and workmen would lose time in voting once every week; that the system would breed a lot of petty lawyers; that the effect of its introduction was shown in the vote upon raising the salary of the state superintendent of schools, and that it would take responsibility from legislators and place it upon no one.

Name List of New Officers.

South Lancaster, Mass., March 4.—

## STRIKES A SENATOR.

Fight in Upper Branch of the Indiana Legislature—Bills Passed.

Indianapolis, Ind., March 4.—The proceedings in the Indiana senate were enlivened Friday afternoon by a fight on the floor between Senator Charles P. Drummond, democrat, and Harry G. Brown, reporter for the Indianapolis Sentinel. The quarrel grew out of something the reporter had written about the senator. The senator was struck three times. The reporter was expelled from the senate by resolution.

The senate bill for the reorganization of the state board of education by the appointment of three additional members of the board by the governor, one of whom shall be a county superintendent of schools, passed the house. It ends a five years' fight between the state and non-state colleges.

The Winfield anti-trust bill, which passed the senate two weeks ago, was killed by the house. This action makes it impossible to enact any anti-trust law this session.

The governor signed the bill to reorganize the present system of county government by providing for the establishment of county councils, also the bill to authorize machine voting and the bill to enable the city of Indianapolis to grant a new street-railway franchise.

The determination of the governor not to receive bills after midnight last night was reconsidered, and he announced that he would receive bills until midnight to-night.

## Miners' Long Strike Is Ended.

Washington, Ind., March 4.—Indiana's long coal miners' strike was terminated Friday by an agreement of the differences. The strike began nearly two years ago by the refusal of Cabel & Co. to pay for the removal of what is known as "dead dirt." The agreement entered into provides that the company shall adhere strictly to the Chicago national agreement; shall pay for the removal of "dead dirt" and put in one and one-fourth inch screens to take the place of the one and a half inch screens.

## The Doctor Confesses.

An honest physician realizes that no one man knows it all—that it is the combined effort of ages which produces the highest perfection in any field of research—and he will let no old fashioned scruples of professional etiquette nor prejudice of opinion stand in the way of his giving to his patients the very best service and advice which lies within his power. When such a physician finds that his own remedies and methods of treatment are faulty he does not hesitate to confess his error and to adopt the better remedies and better methods of those whose success has been fully proven.

It thus happens that hundreds of physicians throughout the country are today advising patients to use Dr. Miles' Nerve for the cure of La Grippe and its terrible after effects, such as nervous prostration, dyspepsia, dizziness, weakness, heart trouble and all forms of exhausted vitality. An instance is recorded in the following letter from Mrs. S. Morehouse, Phoenix, N. Y., who writes: "The fever left my stomach very weak and I could scarcely eat the lightest kind of food. I had a dreadful burning sensation at the base of the brain, but my greatest trouble was sleeplessness. My doctor said it was nervous prostration, and when he saw that the medicine he gave me had no effect whatever, he advised me to try a bottle of Dr. Miles' Nerve, as he knew it was a good remedy for nervous troubles. I followed this advice and in a short time I was restored to perfect health."

A trial package of Dr. Miles' favorite treatment for La Grippe, consisting of Dr. Miles' Restorative Nerve, Dr. Miles' Anti-Pain Pills and Dr. Miles' Nerve and Liver Pills, will be sent absolutely free of cost to any person sending name and address on a postal card, requesting the samples, and mentioning the name of this paper address.

## How to be Healthy in Winter.

Winter is a trying time for delicate people. Coughs, colds and pneumonia find them easy victims.

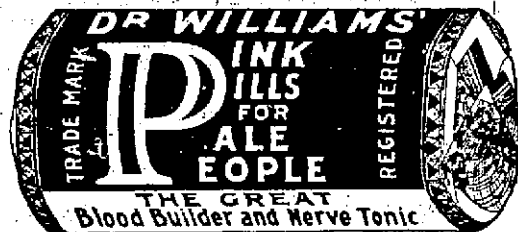

Do you catch cold easily? It shows that your system is not in a condition to resist disease. You will be fortunate if you escape pneumonia.

Nature is always fighting against disease. The right kind of medicine is the kind that helps Nature by toning up the system and enabling it to resist disease. Such a tonic is found in Dr. Williams' Pink Pills

for Pale People.

By building up the blood and strengthening the nerves these pills reach the root of many serious diseases, such as sciatica, neuralgia, rheumatism and all forms of weakness, either in men or women.

Miss Pearl Wood, a popular young lady of Arlington, Ind., says: "I had fairly good health until two years ago, when facial neuralgia developed. The pain was fearful. Frequently I would have severe attacks during the night, making it impossible to ever get a night's rest. I suffered severely from this disease for many weeks. Our physician was unable to help me and we tried another doctor, but with the same result. I used different remedies but with no benefit. Happening to read in the newspaper concerning the merits of Dr. Williams' Pink Pills I concluded to try the pills. When I finished the second box I was better. I was never more happy in my life than over the fact that I was getting well. After taking the third box the pain left me, and when I had finished the fifth box I was well."—*Rushville (Ind.) Graphic.*

Many imitations of these pills are offered, some of them even colored pink. Be sure you get the genuine. At all druggists, or sent postpaid by the Dr. Williams Medicine Co., Schenectady, N.Y., 50 cts per box, 6 boxes \$2.50.

## Footville.

One of the most pleasant social events that ever occurred in Footville was the surprise party at the residence of Mr. Wm. Ross, on Tuesday evening, Feb. 28. Taking advantage of the absence from home of Mr. and Mrs. Ross, the reception committee secretly and cautiously entered the deserted house, curtained the windows, and, gliding like ghosts in the dim light, made preparations to receive the visitors, who anon came from town and country, bearing eatables. After some time had elapsed, the unsuspecting owners returned and on entering their home were assailed by a perfect furor of laughter, jokes, screams, handshaking, etc., and a more surprised couple it would indeed be hard to find. The host and his lady rose nobly to the occasion and bade everyone a hearty welcome, and then all settled down to games, singing, conversation and a general good time. The din of talk was suddenly hushed as the pastor requested the presence of Mr. and Mrs. Ross in an adjoining room, where a second surprise awaited them. There, on a center table, was displayed a superb silver tea service, of chaste and elegant design, a parting memorial gift from a few of their many Footville friends, on the eve of their removal to Janesville. The presentation speech was made by Rev. Christian, and was responded to by Mr. Ross. A picnic supper was then partaken of, shortly after which the self-invited visitors departed, all having experienced a royal good time. The departure of Mr. and Mrs. Ross and family from Footville is an event which will be greatly deplored by all our people.

## Counsel for Gen. Miles.

Washington, March 4.—Maj. Jesse Lee of the Ninth Infantry was on Friday formally presented to the army court of inquiry as counsel for Gen. Miles, and Maj. Lee exercised his prerogative by cross-examining the witnesses. The testimony Friday elicited more complaints about the canned roast beef from witnesses who served in the Cuban campaign in volunteer regiments, but there was little complaint included in the other articles of the ration.

## SCHLEY OUTRANKS SAMPSON.

Senate in Executive Session Confirms the Nominations.

Washington, March 4.—Winfield Scott Schley now outranks W. T. Sampson in the list of the rear admirals of the navy by ten numbers. This was accomplished when the senate took up the naval nominations Friday and confirmed them.

Under the promotions ordered by the naval personnel bill all of the commodores and a few of the captains are advanced to the grade of rear admiral. The bill provides that there shall be eighteen officers of that grade, ranking as follows: McNair, Howell, Howison, Kautz, Remy, Farquhar, Watson, Philip, Robeson, Schley, Casey, Sampson, Cromwell, Higginson, Pickens, Rodgers, Kempff and Sumner. According to this arrangement, Schley stands tenth and Sampson twelfth on the list.

Admiral Howison will retire next October, Admiral McNair next January and Admiral Kautz will also retire Jan. 29, 1901, and these retirements will leave Schley seventh and Sampson ninth on the list of rear admirals.

By this arrangement both Schley and Sampson are deprived of any reward for gallantry and heroism displayed during the war, but this privation, in the minds of many senators, seems to be necessary to subserve the ends of justice.

## ON VERGE OF A STRIKE.

Illinois Miners and Operators in Conference Cannot Agree.

Springfield, Ill., March 4.—The ten thousand coal miners in the Northern Illinois field are on the verge of a strike. The miners' convention was in session until 11 o'clock last night, and the knotty questions in connection with the fixing of the scale for the state have been discussed at length. The point of contention by the operators is the raise of four cents in the northern field.

The discussion by the miners brought forth the unanimous sentiment, let the operators of the northern field pay the four cents advance, submit to arbitration, or suffer the consequences of a strike. No final action was taken, an adjournment being taken until after the joint conference which is to be held today. The action of the state convention will affect 10,000 miners in the counties of Will, Grundy, La Salle, Peoria, Tazewell, Marshall, and part of Woodford.

**WEBSTER'S INTERNATIONAL DICTIONARY**

Hon. D. J. Brewer, Justice of U.S. Supreme Court, says: "I commend it to all as the one great standard authority."

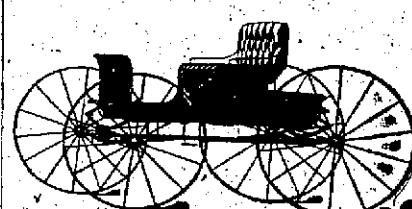

It excels in the ease with which the eye finds the word sought; in accuracy of definition; in effective methods of indicating pronunciation; in terse and comprehensive statements of facts and in practical use as a working dictionary.

Specimen pages, etc., sent on application.

# Don't Be a Late Flour Buyer.

We say this to you because if you need any Flour and want to buy it at the bargain price of \$1.00 per sack it will be necessary for you to purchase at once.

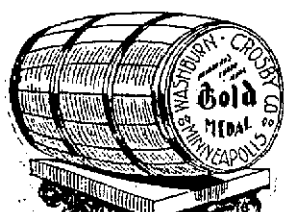

## Flour Is Going Up Right Suddenly.

We are retailing Flour for the same price it costs now  
in carload lots at the mill. Quotations from the millers  
are \$4.00 per barrel, or \$1.00 a sack, in car lots.

### We are Well Supplied For the Present

but it may be necessary any day to advance the price.  
We will not guarantee this price for any length of time,  
so don't be a late buyer.
